

# Libby - Overdrive's New App for eBooks & eAudiobooks

## For Apple & Android Devices

### Step 1: Download Overdrive App

- Go to the App Store/ Google Play
- Search for Libby
- Click Download or Install

### Step 2: Set Up Account

- Click on "Hi!" & scroll down to "Find My Library"
- Location finder will try and locate your local library, but if it does not say Moline Public Library, click "no" and search for your library
- Select Moline Public Library, and click "Add Your Card" on the middle right hand side of the screen
- A scroll tab will appear, scroll down to select Moline Public Library
- Type in your library card # and sign in

### Step 3: Download A Book or Audiobook

- Search the catalog on the top left of the screen, or browse collections
- When you find a book, click "Borrow" or "Place Hold"
- If you clicked "Borrow", the title will automatically be downloaded and added to your shelf
- If you want to send the book to a Kindle device, tap on the book cover and select "Send to Device" - follow the steps
- To read/listen to the book from your shelf, click on "Open Book" or "Open Audiobook"
- To return the book early, go to your shelf at the bottom of the screen, click on the book cover, and select "Return Title to Library"
