INTRODUCING MY FIRST LIBRARY CARD AT MOLINE PUBLIC LIBRARY

Children ages 5 and under who reside in Moline can get a special library card of their very own. The My First Library Card allows our youngest readers to check out up to 20 items from the Moline Public Library children's collection, with absolutely no late fines.

Registering your child for My First Library Card is the first step to a whole new world of early learning opportunities. Help your child develop needed literacy skills for their school success and create a reading habit by checking out books and hands-on educational toys available for all ages and stages.

To register for a My First Library Card, please bring your child and your photo ID with verification of address to the Moline Public Library and complete a brief application. The card can be used right away and will be valid until your child's 6th birthday.

For more information, stop by the library or call Circulation Services at 309-524-2450.
